

Thriftwood School Improvement Plan 2018 – 2021

Information for Parents / Carers

The complete School Improvement Plan can be found
on our website:- www.thriftwoodschool.com

Quality of Education

Objectives:

- To strengthen the role of subject coordinators and to review the new curriculum, ensuring it meets pupils' needs and offers appropriate challenge.
- To establish systems and a personalised curriculum for Swans class group.
- To embed a new assessment system across the school, including a timeline of evidence created throughout the year.

Key Date: Target Setting INSET day on Monday 11th November 2019

Personal Development, Behaviour and Attitudes

Objectives:

- Present opportunities to develop the principles of tolerance, democracy and law-abiding citizens.
- To revisit the Thriftwood Code to ensure that all pupils and parents have clear expectations.
- Increase opportunities to use the outside area for learning and promote greater physical activity

We will be focussing on the Thriftwood Code, through discussions with the School Council, and within assemblies.

Our new multi-use sports area will enable students to play sports outside all year round, as part of their Physical Education lessons.

How you can help...

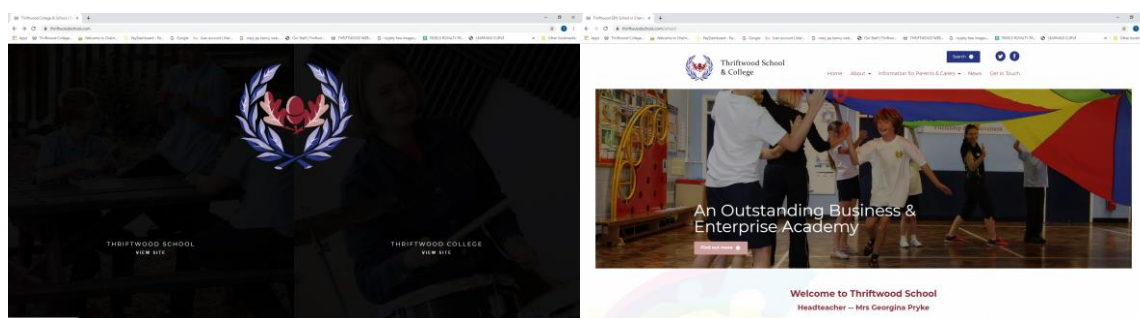

- Put the Thriftwood Code up at home and refer to it regularly.
- Encourage your child to go outside and be physically active.
- Make sure they have the correct clothing to be outside in all weathers.

Leadership and Management

Objective:

- To make changes to the school website to improve parental access and investigate the use of social media to promote Thriftwood's activities.

Over this year, we will be changing the interface of our school website, to make it clearer and simple to navigate. Alongside this, we will investigate the use of social media and various Apps to ensure that our parents and the community are fully informed about Thriftwood.

How you can help...

- Please use our website when looking for information about School.
- It includes the latest news and key dates.
