

# HOME LEARNING PROJECT: My world

1. COLLECTIONS. Look around your house. Can you find a collection of 4 or 5 of the same item? For example, keys, biscuits, pens, jewellery.

Now make drawings of your collections using pen or pencil, adding colour if you wish.

2. SHOES: Find your favourite shoes and set them up to draw from. If you have a printer you could print out a picture of some shoes and make a grid drawing of them. Use any materials that you have.

Shoes Grid Drawing

What else can you find to draw?  
 Game controllers?  
 Headphones?  
 Action figures?  
 Sports equipment?  
 Food?
