## What are the challenges with this?

## We would welcome any other feedback you may have:

- Thriftwood is a fantastic school.
  - Love Thriftwood it's done wonders for 'S'.
- Can't express enough how happy I am with 'D's' education and care that he receives at Thriftwood! All the staff members are great and amazing at what they do.
  - Increased investment in digital resources and training of staff as it is surprising greater use of digital tech is not made to support learning and as a life skill. Please can communication with parents and guardians move away from pen and paper. Greater communication regarding progress with literacy skills and numeracy would be appreciated.
- Always would like help on how they are taught maths, to enable me to help her at home.
  - I am very happy with the support from 'Cs' teachers and the pastoral team and the support from 'C's' support worker from the ymca. I have also felt really listened to as well.
- I'm so happy with how 'F' has adapted and is progressing. Your school has done wonders for him in such a short space of time thank you to all your staff for providing such a great provision.
  - I feel core skills needs to be am. Less trips. Some days it does feel that they don't do any core learning and this constant repetition of basic maths and English is so important. I also wish more work was done on typing and computer. 'R' has generally been happy at Thriftwood and happy to go to school each morning. For this I will be eternally grateful.
- The school, staff, and children are all fantastic.
  - I would just like to say thank you for all the help you have given 'L'. He is so much happier in school.
