

Writing a speech Activity 4

Today you will be editing your speech. Read back through your speech to make sure that you are happy with it. Use the checklist to help you.

Things to check	
Check your spellings to the best of your ability. If you are unsure of any words you could use google, Microsoft word or a dictionary to check them.	
Have you used full stops? These are really important in a speech as they show you when to stop and take a breath.	
If you have hand written your speech can you read your own hand writing?	
Could you use a more exciting word to replace a word in your speech? E.g. I'm good at... could be changed to I'm fantastic at...	

When you are happy with your speech you can practice reading it out loud. Tomorrow you will be presenting your speech so practicing it first is a good idea.
